Revision F, May 2017

Philips Medical Systems shall not be liable for errors contained herein or for incidental or consequential damages in connection with the furnishing, performance, or use of this material.

©2019 Koninklijke Philips N.V. All rights are reserved.

Proprietary Notice

This document and the information contained in it is proprietary and confidential information of Philips Healthcare (“Philips”) and may not be reproduced, copied in whole or in part, adapted, modified, disclosed to others, or disseminated without the prior written permission of the Philips Legal Department.

Use of this document and the information contained in it is strictly reserved for current Philips personnel and Philips customers who have a current and valid license from Philips for use by the customer’s designated in-house service employee on equipment located at the customer’s designated site.

Use of this document by unauthorized persons is strictly prohibited. Report violation of these requirements to the Philips Legal Department. This document must be returned to Philips when the user is no longer licensed and in any event upon Philips’ first written request.

Warranty

Philips Medical Systems reserves the right to make changes to both this *Service Manual* and to the product that it describes. Product specifications are subject to change without notice.

Philips Medical Systems makes no warranty of any kind with regard to this material, included, but not limited to, the implied warranties or merchantability and fitness for a particular purpose.

Responsibility of Manufacturer

Philips Medical Systems only considers itself responsible for any effects on safety, reliability and performance of the product if:

- assembly operations, extensions, readjustments, modifications or repairs are done by persons authorized by Philips Medical Systems, and
- the electrical installation of the relevant room or vehicle complies with the

- IEC or national requirements, and
- the instrument is used according to the instructions for use presented in this manual.

Responsibility of Customer

The user of this product is responsible for ensuring the implementation of a satisfactory maintenance schedule. Failure to do so may cause undue failure and possible health hazards.

Service Manual

This Philips product is intended to be operated only in accordance with the safety procedures and operating instructions provided in this *Service Manual*, and in accordance with the purposes for which it was designed. Installation, use, and operation of this product is subject to the laws in effect in the jurisdiction(s) in which the product is being used.

Users must only install, use, and operate this product in such a manner that does not conflict with applicable laws or regulations that have the force of law.

Use of this product for purposes other than the express intended purpose provided by the manufacturer, or incorrect use and operation, may relieve the manufacturer (or agent) from all or some responsibility for resultant non-compliance, damage, or injury.

The generic term “cardiograph” used in this documentation is equivalent to “electrocardiograph.”

Trademarks

Product and company names mentioned herein may be the trademarks or registered trademarks of their respective owners.
