## Table of contents

## 00 Index and foreword

|  |    |
|--|----|
| Table of contents.....   | 2  |
| Foreword, safety and general information.....                          | 17 |
| Important safety notice.....   | 17 |
| Fire prevention .....  | 22 |
| Dispose of waste materials .....                                       | 23 |
| How to read the shop manual .....                                      | 24 |
| Explanation of terms for maintenance standard .....                    | 26 |
| Handling equipment of fuel system devices.....                         | 28 |
| Handling of intake system parts.....                                   | 29 |
| Handling of hydraulic equipment.....                                   | 30 |
| Method of disconnecting and connecting of push-pull type coupler ..... | 32 |
| Handling of electrical equipment.....                                  | 35 |
| How to read electric wire code .....                                   | 43 |
| Precautions when performing operation .....                            | 46 |
| Practical use of KOMTRAX.....  | 51 |
| Standard tightening torque table .....                                 | 52 |
| List of abbreviation .....   | 58 |
| Conversion table .....   | 63 |

## 01 Specification

|  |    |
|--|----|
| Specifications .....                         | 3  |
| Overall dimensions .....                     | 3  |
| Working range drawings .....                 | 4  |
| Specifications.....                          | 6  |
| Weight table .....                           | 11 |
| Table of fuel, coolant, and lubricants ..... | 13 |

## 10 Structure and function

|                                  |    |
|----------------------------------|----|
| Engine and cooling system .....  | 4  |
| Engine related parts.....        | 4  |
| PTO.....                         | 6  |
| Variable flow turbocharger ..... | 7  |
| EGR system piping drawing.....   | 11 |
| EGR system circuit diagram ..... | 13 |
| EGR valve.....                   | 14 |
| EGR cooler .....                 | 16 |
| KCCV layout drawing.....         | 17 |
| KCCV ventilator .....            | 20 |
| KDOC muffler.....                | 22 |
| Cooling system .....             | 24 |
| Power train .....                | 27 |
| Power train overview.....        | 27 |
| Swing circle .....               | 29 |
| Swing machinery.....             | 31 |
| Undercarriage and frame .....    | 33 |
| Front axle .....                 | 33 |
| Transmission.....                | 39 |
| Rear axle .....                  | 41 |
| Hydraulic system.....            | 63 |

|   |     |
|---|-----|
| Hydraulic component layout .....                        | 63  |
| Valve control .....                                     | 65  |
| Hydraulic tank .....                                    | 67  |
| Control valve .....                                     | 71  |
| CLSS .....  | 83  |
| Hydraulic pump .....                                    | 101 |
| Self-reducing pressure valve .....                      | 114 |
| Swing motor .....                                       | 120 |
| Travel motor .....                                      | 131 |
| Work equipment and swing PPC valve .....                | 135 |
| Boom swing and 2 piece boom PPC valve .....             | 142 |
| Travel PPC valve .....                                  | 144 |
| Brakes pump .....                                       | 145 |
| Swivel joint .....                                      | 147 |
| Solenoid valve .....                                    | 149 |
| Steering control solenoid valve group .....             | 151 |
| 1-Attachment flow adjustment EPC valve .....            | 152 |
| 2-Attachment flow adjustment EPC valve .....            | 153 |
| Travel speed and direction control solenoid valve ..... | 154 |
| Boom/Outrigger schematic .....                          | 155 |
| Undercarriage attachment schematic .....                | 156 |
| Accumulator .....                                       | 157 |
| Travel by-pass control valve .....                      | 160 |
| Anti-drop valve .....                                   | 161 |
| Blade/outriggers safety valve .....                     | 166 |
| 2-piece boom safety valve .....                         | 167 |
| Boom swing safety valve .....                           | 168 |
| Hydraulic quick coupler .....                           | 169 |
| Work equipment .....                                    | 172 |
| Work equipment .....                                    | 172 |
| Work equipment shim .....                               | 173 |
| Bucket play adjustment shim .....                       | 174 |
| Cab and its attachments .....                           | 175 |
| Cab mount and cab tipping stopper .....                 | 175 |
| ROPS cab .....  | 177 |
| Steering column .....                                   | 179 |
| Electrical system .....                                 | 180 |
| Electrical control system .....                         | 180 |
| Machine monitor system .....                            | 240 |
| KOMTRAX system .....                                    | 269 |
| Sensor .....  | 272 |
| PPC Levers .....  | 283 |
| Overload warning device .....                           | 285 |
| 20 Standard value tables .....                          |     |
| Standard service value table .....                      | 3   |
| Standard value table for engine .....                   | 3   |
| Standard value table for machine .....                  | 5   |
| Standard value table for electrical system .....        | 22  |
| 30 Testing and adjusting .....                          | 1   |
| Related information on testing and adjusting .....      | 4   |
| Sketch of tools for testing and adjusting .....         | 4   |
