

TOURING MODELS

2007 HARLEY-DAVIDSON® PARTS CATALOG

READER COMMENTS

The Harley-Davidson Service Communications Department maintains a continuous effort to improve the quality and usefulness of its publications. To do this effectively, we need user feedback — your critical evaluation of this manual.

Please comment on the completeness, accuracy, organization, usability, and readability of this manual.

Please list the page, item, and part number(s) of any errors you find in this manual.

Please tell us how we can improve this manual.

GENERAL INFORMATION

2007 TOURING MODELS PARTS CATALOG

THIS IS NOT AN ASSEMBLY MANUAL AND SHOULD NOT BE USED AS SUCH

About This Manual

This Parts Catalog has been prepared to make it easier for you to order parts for the 2007 Touring model motorcycles. You will also find a complete Hardware Listing at the back of the book for your convenience. The numbers shown in the illustrations correspond to the numbers in the "INDEX NO." column in the parts lists. Please consult the illustrations when ordering parts to ensure you receive all the required parts. Take note that the number in parenthesis following the part description is the quantity of that part needed for complete assembly; if there is no number in parenthesis, only one is used. Prices of parts in this catalog are published separately.

The following instructions should be followed carefully when ordering parts:

- The "MODELS" column in the parts lists may include one or more two-character codes that correspond to the V.I.N. model designations. The Touring models and their respective two-character codes are listed at the bottom of each right-hand page for your reference. If a part fits all Touring models, "All" will be in the corresponding "MODEL" column.
- Be sure to specify the correct part number for each item. The part numbers appear under the "PART NO." column in the parts lists.
- Orders may be placed via your computer for all parts. Please review your system documentation for details on placing orders electronically. All non-warranty replacement crankcase orders require return of the complete left crankcase half with V.I.N.. All non-warranty replacement frame orders require return of the steering neck with V.I.N.. Non-compliance will result in a fine. See non-warranty frame and crankcase policy or contact your SPOC team for details.
- Parts marked "**RESTRICTED SALE PART**" are limited edition items and can only be ordered as direct replacements. Harley-Davidson may require that certain "**RESTRICTED SALE PART**" items be returned.

To the best knowledge of Harley-Davidson Motor Company, the material contained herein is accurate as of the date this publication was approved for printing. Harley-Davidson Motor Company reserves the right to change specifications, equipment, or designs at any time without notice and without incurring obligation.

Vehicle Identification Number (V.I.N.)

See Figure 1 on the next page. The full 17-digit serial, or V.I.N., is stamped on the right side of the frame backbone at the rear of the steering head (under the main harness). The V.I.N. is also printed on a label on the left side of the steering head.

An abbreviated V.I.N. is stamped on the left side crankcase between the front and rear cylinders.

Sample V.I.N. as it appears on the steering head - **1HD1FC4137Y600041**

Sample abbreviated V.I.N. as it appears on the left crankcase - **FC47600041**

Always give the full 17-digit V.I.N. when ordering parts or making any inquiry about your motorcycle.
